Skills

- **Frontend:** HTML5, CSS3, Bootstrap, Tailwind CSS, JavaScript (ES6+), React.js, Next.js, DOM Manipulation, React Query (TanStack Query), Zod, Radix UI / shadcn/ui
- **Backend:** Node.js, Express.js, RESTful APIs, API Integration, Authentication, Supabase Edge Functions, Row-Level Security & Database Migrations
- **Databases:** MongoDB, SQLite, Supabase, PostgreSQL
- **Languages:** C, C++, JavaScript, TypeScript
- **Tools & Platforms:** Git, GitHub, Redux, Zustand, Vercel, Render, Postman, Browser DevTools, Vite, Vitest, ESLint, Prettier, Husky
- **Core:** Data Structures & Algorithms (DSA), Problem Solving, System Design Fundamentals

Work Experience

- Junior Frontend Engineer | Spark Eighteen** Apr'26 - Present
- Build frontend and backend features for **The Capital Room** (thecapitalroom.co), a live investor-founder matchmaking SaaS platform — **React** on the client, **Supabase/PostgreSQL** (queries, row-level security policies, schema migrations) on the backend.
 - Built customer storefront features for **The Islands** (theislands.shop), a live **multi-tenant e-commerce platform** (**Next.js**, **TypeScript**) — one codebase serving multiple independent stores via dynamic store routing and custom domains — plus its separate **Vite/TypeScript admin dashboard** for managing stores, products, and orders across tenants.
 - Develop **reusable UI components** and full page flows (data tables, dashboards, audit logs, multi-step forms) with **Tailwind CSS**, **Radix UI/shadcn**, and **React Query**.
- React.js Intern | GKM IT Pvt Ltd** Sept'25 - Mar'26
- Developed **modern, responsive web applications** by translating frontend concepts into real-world projects using HTML, CSS, JavaScript, and **React.js**.
 - Collaborated in a structured, milestone-driven development process, building **reusable UI components**, integrating APIs, and improving performance and accessibility.
- Frontend Software Developer Intern | Cowhite Software Pvt Ltd** Feb'25 - July'25
- Developed **responsive React.js user interfaces** using modern JavaScript (ES6+) across multiple applications.
 - Implementing responsive design, **optimized UI components**, and collaborating with backend engineers to **integrate RESTful APIs** for efficient data flow.
- Software Engineering Intern | GoSwiftPE Technologies Pvt Ltd** July'24 - Jan'25
- Led **full-stack MERN development** for a cross-border payments platform, building scalable web applications.
 - Designed **user interfaces** and implemented **Node.js/Express backend services**, collaborating with founders to optimize code and deliver technical solutions for complex requirements.
- Frontend Developer Intern | IBM SkillBuild Summer Internship Program (Virtual)** June'24 - Aug'24
- Completed a **6-week virtual internship** focused on frontend development using HTML, CSS, JavaScript, and React.js, working on projects related to responsive web design and dynamic functionality.

Projects

- Code Reviewer — AI-Powered PR Review Platform (Team Project, 3 members)** May'26 - Present
- Built the entire **frontend** (React, Vite, Tailwind CSS, TanStack Query/Table, React Router) for a **multi-tenant SaaS platform** that automatically reviews GitHub pull requests using AI.
 - Implemented the **AI review pipeline** — GitHub webhook-triggered diff extraction and **OpenAI function-calling** integration that returns structured, categorized inline review comments (bug/security/performance/style) with live progress logs.
 - Built **admin tenant management** (account suspension, platform-wide stats) and **team management** (member invites, role-based access).
- MERN Job Portal App** [\[Link\]](#) Sept'25
- Developed a full-stack Job Portal web application using the **MERN stack** with role-based authentication for users and admins, enabling job search, filtering, saving, applying, and real-time application status tracking.
 - Implemented comprehensive **admin functionalities** including company registration and management, job posting/editing, and applicant review with application acceptance/rejection workflows.
- MERN Instagram Clone** [\[Link\]](#) Apr'24
- Built a **MERN Instagram clone**, featuring authentication, profile management, and CRUD operations.
 - Implemented a **follower/following system** for personalized feeds and features like like, unlike & commenting.

Education

- Nxtwave Disruptive Technologies** Apr 2023 - ongoing
- Industry Ready Certification in Full-stack Development
- Geetanjali Institute of Technical Studies** 2022-2026
- B.TECH. in Computer Science Engineering (CSE) | CGPA: 8.3
- Kendriya Vidyalaya NO.1, Neemuch (M.P)** 2020 - 2022
- Intermediate | Percentage: 77.0%
- Springwood School, Neemuch (M.P)** 2019 - 2020
- Secondary School Certificate | Percentage: 81.0%
